

# SUNSHINE COLLAGE

MATERIALS: CONSTRUCTION PAPER, SCISSORS, MARKER, GLUE OR TAPE, DOILY (OR ANY SUNNY CIRCLE)

**CUT** a circle out of light colored paper to be your sun - or use a fun paper doily!

What mood are you in today? **DRAW** a face on your sun if you'd like, that represents how you're feeling.

**GLUE** down your sun, then **CUT** rays of sunshine from matching paper.

**GLUE** or tape your sun's rays around the center circle. See how the light spreads out really far? We all have grumpy days, but there's always something cheerful to find if we look for it!
