

Stick Triangle Squirrel

YOU'LL NEED: 4 CRAFT STICKS, BROWN PAPER (OR PAPER & CRAYONS),
GOOGLE EYES, GLUE, TAPE, SCISSORS

- Lay 3 sticks to form a **TRIANGLE** shape.
- **TRACE** a triangle of brown paper that will fit under the sticks, and cut it out. **GLUE** to the back of your sticks to make the face of your squirrel.
- **DRAW** and **CUT** out the rest of the shapes to make a face- a large oval, a small nose, two small ears, and a longer bushy tail shape.
- **GLUE** or **TAPE** the face pieces on to your squirrel. Finish by taping the last stick to the back of your squirrel to make it into a puppet.
