

HANGING RAINBOWS

YOU'LL NEED: CARDSTOCK, CONSTRUCTION PAPER STRIPS, SCISSORS, TAPE, MARKERS, PIPE CLEANER

- **CUT** a cloud shape out of cardstock. If you want, you can decorate it with a face.
- Use strips of paper, about 1/2 inch wide. **WRAP** one end around a pencil or marker and then unroll, if you want to make the ends curly.
- **TAPE** the strips onto the back of your cloud, in rainbow order- or whatever order you want!
- Make a loop out of string or a pipe cleaner, and tape to the top of the back. Now you can hang up your rainbow!
