

Super Stick Puppets

YOU'LL NEED: CONSTRUCTION PAPER, SCISSORS, GLUE, CRAFT STICK, MARKERS OR PAINT

COLOR a craft stick with markers or paint.

CUT a triangle shape out of construction paper, about half as long as your craft stick. The triangle will be your super stick's **CAPE**, so you might want to make it kind of skinny and cape-shaped...or you can design your own shape for a cape!

CUT out a small rectangle, and draw eyes onto it to make your super stick's **MASK**.

Next, add a **LINE** of glue down the middle of your cape-**don't use too much glue!** Lay your stick along the glue, so that the paper cape is in the middle of the stick.

Now add a dot of glue to the top and add on your mask. Finish by drawing on a mouth, and any special symbols that help your super stick puppet be strong and brave!
